From the esteemed 2022 Program Planning Committee, here's a special preview of one of the sessions featured in the upcoming 2022 NCSLA Annual Conference Program:

#### **SESSION #11: Transitioning from Regulator to the Private Sector**

As individuals transition from State Liquor Administrators to the private sector, they need to change their mindset, often employ different terminology, and adapt to the unique challenges presented when trying to understand a new workplace culture. Many states also have strict guidelines and revolving door processes that must be adhered to before making the transition. This session will explore the ethical considerations that may govern this transition and cover the application of ABA rules 1.9 and 1.11 to these situations.
